

PLANET 152 and 152 1.1. ATEX Zona 22

Suitable for vacuuming potentially explosive dust like flour, sugar, aluminium, etc.

Vacuum cleaner featuring single stage front induction turbine with single phase motor, ideal for continuous operation.

Side-mounted manual filter shaker.

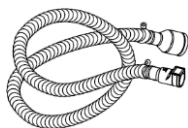

All machine components (motor, filter, tank, etc.) are grounded to allow electrostatic charge dissipation.

ATEX certified for 22II 3 Dc T125 zone (temperature 125°C max.).

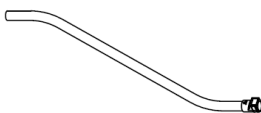

Filtration degree up to 25 micron (L class).

It features solid wheels, two of them fitted with brakes to secure the machine on its working location, and a collection tank easy to unhook.
